

DRMO Aviano, Italy

Location:

Near Aviano Air Base, Italy
Staff: 15

General Information:

With the draw down and consolidation of USAFE Air Bases, the military community at Aviano has doubled.

Area of Responsibility:

Aviano Air Base and Vicenza Army Post.

Major Generators: 31st Air Expeditionary Wing, 16th Air Force and U.S. Army 22nd Area Support Group Vicenza.

Facilities:

Construction is underway to pave the scrap yard surface. It will be connected to an underground oil/water separator.

In general, the facilities at DRMO Aviano are in good condition. The two warehouses (Bldg 17113 and 17114) however, are in poor condition. The DRMO requires additional space.

Constraints:

Currently the DRMO does not have a permit for demiling items and scrap handling, which causes problems with the local authorities. All customers must sign in and provide identification for access to the base.
